## Reflective Reading Club

This is how the Reflective Reading Club works:

### Individual Learning – 1.5 hours CPD

1. You let us know you are interested.
2. We send you a short journal article and a small checklist of points to consider when reading it. Make notes as you read the paper in your own time and this earns you one and a half hours CPD time!

### Participatory Learning – 1.5 hours CPD

Our meetings take just 1.5 hours

3. We meet for the club and discuss the article in a small group, reflecting on points whilst working our way through the checklist.

Participate in both sessions will count for a total of 3 CPD hours!

## Performance Indicators

In this quarter, we have increased delivery on many of our training programmes. This includes literature searches and our social media training. To ensure that these programmes are of benefit to the learner, we have implemented a range of tools to measure the quality and the impact of what we do. For example, our learners tell us that ***our library induction is the best induction that they have ever had at any Trust (FY2s)***. In addition to this, our social media training questionnaire has received very favourable comments, including ***“the training received has been brilliant and I can’t wait to use this to promote all the things that we do”***.

Thank you to all our customers
